Investing Billions in Tech to Sell Your Home

At Compass, the technology of the future is already changing outcomes today. Not only has the company invested almost \$1.5B dollars in tech over a 10-year period¹, but we continue to spend more than \$100M annually on research and development² to help our agents make buying or selling easier for you.

A Marketing Strategy for Every Home

As part of Compass, I have access to a dedicated in-house marketing and design agency of over 300 experts nationwide, making it more effective than ever before to reach your buyer how, when, and where it counts most.

A 28K+ Network of Top Agents Nationwide

When it comes to your next home purchase or sale, Compass has a strong, connected network as the #1 brokerage in the country³. In 2023, 11% of Compass transactions resulted directly from referrals to Compass⁴, demonstrating how our agents help their clients navigate markets everywhere at the highest standards. And what's more, in the first half of 2023 Compass agents across the U.S. sold 492 homes per day⁵.
